WELCOME TO WHEELING

*President
Pat Horcher*

State of the Village Address

This address will be given by President Horcher during the Chamber of Commerce's State of the Village event to be held on March 14, 2018.

On behalf of the Board of Trustees, it's my pleasure to provide an update on the state of the Village of Wheeling, and a look ahead to the coming year. The biggest news of 2017 was almost certainly the start of construction at Wheeling Town Center, the transit-oriented mixed-use development between the Community Campus and the Metra station. The residential portion of the project is progressing quickly, to be followed soon by the retail buildings. City Works Eatery and Pour House, a drive-through Starbucks, and the CMX Theater that will anchor the Town Center have all received recent approvals from the Village, and our Economic Development team continues to work closely with the developer and their broker to recruit promising tenants for the remaining spaces.

Rendering of anchor tenant, CMX Theater, at Wheeling Town Center.

The Town Center has helped spur interest in other sites, both along the Dundee Road corridor and elsewhere in Wheeling. Northgate Crossing completed its townhome phase last year, construction has resumed on the Whitley of Wheeling assisted-living facility after a series of delays, and the Wolf Crossing townhome redevelopment of the Deerfield Moving & Storage site on North Wolf Road has just begun. The Village continues regular discussions with several developers regarding a number of proposed projects, always with the aim of encouraging sales-tax-producing uses that bring maximum economic benefit. Given the tumult in the retail industry nationwide, recruitment of successful businesses poses an interesting challenge. The restaurant sector remains mostly stable, and with the upcoming addition of not only the Town Center restaurants but also Boston Fish Market at the former Pete Miller's site, Wheeling's status as a dining destination seems secure. As the recent Sam's Club closure indicates, however, big-box retail continues to suffer from changes in consumer behavior. From a planning and financial standpoint, the Village will continue to adjust to these fluctuations as needed.

The Village is also responsible for making sure that our infrastructure keeps pace with new development and our residents' changing needs. In anticipation of residential construction around the Metra station, we partnered with the Illinois Department of Transportation on recently-completed intersection improvements to improve the flow of traffic on Dundee Road, and we'll continue discussions with the Regional Transportation Authority to see that our residents are appropriately served with commuter rail and bus service. In keeping with our Comprehensive Plan, we'll continue to encourage the valued industrial businesses around the Metra station to relocate into modernized facilities elsewhere, as Builders Asphalt (formerly Orange Crush) is currently doing. Wheeling's industrial sector—the fifth-largest concentration of manufacturing employment in Illinois—continues to show strength, with vacancy rates near historic lows. In fact, the past year saw speculative industrial development happen in Wheeling for the first time in decades: the 181,000-square-foot Wheeling Distribution Center on Northgate Parkway south of Lake Cook Road, and the 84,000-square-foot Chaddick Industrial Center at the former ABF truck terminal. The Village continues to support industrial development through the responsible use of Cook County Class 6b property tax abatements, and also works routinely with industry interest groups and local educators to develop a skilled workforce and promote manufacturing as a career. A national spotlight recently fell on Wheeling High School's innovative entrepreneurship program as one of its graduates, Martin Dimitrov, appeared on ABC's popular television program Shark Tank and successfully won funding for SnapClips, a safe and effective means of affixing weights to barbells that he and his classmates developed.

The Village plans capital improvements totaling nearly \$11.7 million in 2018, including roadway repairs, renovations to Fire Station 23, water and sewer work near Chicago Executive Airport, and stormwater improvements on south Wheeling Road. The Board of Trustees is always looking for ways to mitigate flooding, and recently adopted a policy to waive permit fees for homeowners' associations that are making upgrades to retention and detention basins.

WELCOME TO WHEELING

The Clerk's Corner

Village Clerk
Elaine E. Simpson

Vote March 20, 2018

The Illinois Gubernatorial Primary will take place on Tuesday, March 20. Regular voter registration is currently closed until after the election, and will open again on March 21. Please visit www.cookcountyclerk.com to confirm your voter registration and view a sample ballot. Grace-period registration is open until March 19 at participating locations. Grace period registrants will cast a ballot immediately after registering.

To obtain a mail ballot, visit www.cookcountyclerk.com and download an application. Early voting will take place until March 19 at participating locations. Your vote does count!

Spring Activities

Spring is just a few weeks away, and soon we will be able to spend time outdoors! I see many residents walking through the neighborhoods, which is great, but the really nice thing is that as they are walking, they are carrying bags and picking up litter on the way. To all of those residents who do this, a very big THANK YOU for keeping our neighborhoods clean.

Wheeling Garden Club meetings will start again in March with the first meeting on March 14 at 7 p.m. in their new location, Chamber Park at 131 N. Wolf Road. Save the date for purchasing your plants from the Garden Club at their annual plant sale, tentatively set for Saturday, May 19. For more information, please call Garden Club President Chris Brady at 847.343.6125.

The **Wheeling Historical Society** has two very interesting programs coming up. In March, the guest speaker will be food historian Cynthia Clampitt who will present *Midwest Maize: How Corn Shaped the U.S. Heartland*. In April, Historical Society Director Celeste Kuta will have a program about the Wheeling Cemetery. The Society meets on the 4th Wednesday of the month at Chamber Park at 6:30 p.m. For further information, please contact Historical Society President, Terry Steilen at 847.924.4416.

The **Wheeling Citizen Police Academy Alumni Association** (WCPAAA) is hosting their annual spaghetti dinner fundraiser at Wa-Pa-Ghetti's (208 McHenry Road) on Sunday, March 18 from 1 p.m. until 4 p.m. The cost is \$10 a person and beverages are extra. For further information, please call WCPAAA President Judy Abruscato at 847.541.8783.

Brought to
you by the
Wheeling
Board of
Health

Board of Health Seeks Applicants

Join the Wheeling Board of Health to help promote the community's public health interests. The Board of Health can make recommendations to village authorities to advocate for public health programs and to preserve and improve public health. They coordinate three blood drives annually and oversee pharmaceutical and sharps recycling collection programs. Members are appointed by the Village Board and serve three-year terms. To obtain an application for the volunteer commissioner position, please contact Karen Henneberry at 847.499.9085 or khenneberry@wheelingil.gov. Contact Serena Klinger at 847.499.9048 or sklinger@wheelingil.gov for more information.

Wheeling Community Blood Drives

The 2018 Wheeling community blood drives will be held March 7, July 11, and November 7 from 2-7 p.m. at Village Hall. Wheeling restaurants have been very generous in donating gift certificates to be given as door prizes to those who give blood. Join us in donating and you may be a winner of a Wheeling restaurant gift certificate!

Wheeling Walks

Wheeling Walks is a FREE community walking/running club, held every Saturday at 9:30 a.m. at the Heritage Park Performance Pavilion. In case of inclement weather, meet fellow walkers at the Wheeling Park District CRC indoor walking track.

Medication and Sharps Collection

The medication and sharps collection is held on the third Saturday of every month from 10 a.m. – 12 p.m. in front of the Police Station at 1 Community Blvd. Prescription and over-the-counter medications (pill form only) are accepted in their original containers. Controlled substances cannot be accepted, but they are accepted at select Walgreens locations; visit walgreens.com for a listing.

If you have any questions regarding any of the programs and activities sponsored by the Board of Health, please contact Health Officer Serena Klinger at sklinger@wheelingil.gov or 847.499.9048.

HUMAN SERVICES DEPARTMENT

Wheeling Senior Programming Relocation

As you may already know, the Wheeling Pavilion Senior Center has transitioned its programming to the Wheeling Park District Community Recreation Center (CRC). All of our regular weekly Pavilion Programs are now held at the CRC. Please call the Wheeling Pavilion Senior Center at 847.459.2670 to find out more about the programs and schedule of events. If you are a regular at the CRC and are not yet familiar with our programs, check us out. We offer many opportunities to socialize and stay healthy. Pavilion program newsletters are available at Village Hall and the CRC, and are always available on the Village website at www.wheelingil.gov/150/Senior-Services.

Telephone Reassurance Program

The Telephone Reassurance Program serves those age 60 and older living alone and in need of a daily reassurance call. Calls are made by trained volunteers/staff and done every morning between 8:45 and 9 a.m. In addition to checking on the physical well-being of residents, the program also helps by reducing loneliness and providing an opportunity to be in contact with another person. For more information please call 847.459.2606.

National Social Work Month

March 2018

Social workers are trained to look at situations in a holistic way, bringing people and communities together to find ways to address individual, group, and societal problems such as hunger, affordable housing, and equal rights for all, and making organizations and government accountable. Social workers also follow a code of ethics which calls on members of the profession to enhance human well-being and help meet the basic needs of all people, with particular attention to the needs and empowerment of people who are vulnerable, oppressed, and living in poverty.

The Village of Wheeling Human Services Department has social workers to assist residents with their social, psychological, and physical needs by providing referrals and services close to home. If you are in need, contact the Village Human Services Department at 847.459.2606 to make an appointment to speak to a social worker. We are here to help.

National Volunteer Week

April 15 – 22, 2018

The Human Services Department would like to thank all of the many volunteers who have helped and served their community throughout this past year. Whether you served lunch to seniors at our Lunch at Pavilion Congregate Dining program, helped care for residents in crisis with our CARE team, or prepared our mailing for senior programs, we are humbled by your generosity and willingness to help.

Senior Services Programs

To register for any of these events, contact the Senior Center at 847.459.2670.

Windy City Bulls Game

The Windy City Bulls are an American professional basketball team of the NBA G League and an affiliate of the Chicago Bulls. The cost of this event includes transportation, a ticket to the game, and a voucher for a hotdog or pizza meal.

Date: Wednesday, March 7; depart CRC at 4:45 p.m.

Place: Sears Centre, Hoffman Estates

Cost: \$49 residents/\$54 non-residents

St. Patrick's Day Celebration

Time to get your green on at our St. Patrick's Day celebration! Enjoy a delicious lunch followed by a special St. Patrick's Day performance by Sandi Haynes.

Date: Friday, March 16 after Lunch at Pavilion

Time: Meet at the Community Resource Center at 10 a.m.

Place: St. Joseph the Worker Social Hall

Cost: This program is part of Lunch at Pavilion. See page 10 of this newsletter for more details.

Joliet Rocks – Elvis Presley Tribute

Nick Miller brings his tribute to the King to the Jacob Henry Mansion for Joliet Rocks. The cost of this trip includes transportation, lunch, and the performance.

Date: Tuesday, March 20; depart CRC at 10 a.m.

Place: Jacob Henry Mansion, Joliet

Cost: \$80 residents/\$85 non-residents

Rules of the Road

The Pavilion will be offering a Rules of the Road class in preparation for the test. Come and refresh your memory so you can ace your exam!

Date: Wednesday, March 28, 10 a.m. – 12 p.m.

Place: Community Resource Center

Cost: Free, but advanced registration is required.

South Pacific

This landmark Rodgers and Hammerstein musical proves that even a tropical paradise cannot shelter its residents from World War II era prejudices. The cost of this trip includes transportation, lunch, and the performance.

Date: Wednesday, April 11; depart CRC at 10:15 a.m.

Place: Drury Lane Theatre

Cost: \$85 residents/\$90 non-residents

POLICE & FIRE DEPARTMENTS

Warm Weather Brings Rise in Ruse Burglaries

They say that April showers bring May flowers, but the warming temperatures bring more than just flowers—more people are outside too, including the con artists. Whether it's a con, scam, or ruse burglary, the outcome is the same: the homeowner loses money, jewelry, or other valuables in a matter of minutes.

So, how do ruse burglars operate? They knock on your door or approach you outside your home, typically claiming to be from the gas company, electric company, or water department. They may tell you they need to check the water pressure or electricity in your home, or give some other reason to distract you. Once inside your home, they will keep you busy in the kitchen, basement, or some other place away from the exterior doors while they are fast-talking and “testing” the water pressure, etc. In the meantime, their accomplice is entering your home looking for cash or jewelry. If they don't distract you within the home, they may take you into your back yard, claiming to be workers who are trimming trees in the neighbor's yard, needing to confirm the property line with you. In the meantime, their accomplice is entering your home. Sometimes two workers will enter your home together and one will ask to use the bathroom or get a drink of water while the other keeps you busy, then the person “going to the bathroom” will search for valuables.

Oftentimes the “worker” will be on the phone while he is distracting you. This is how he communicates with his accomplice who is going through your personal belongings, to warn him if you start to go back inside the home. These criminals work fast and can be very convincing. Once the scammers are done, they leave, often leaving the victim unaware that a crime even took place. So, how do you protect yourself?

- Never open the door for anyone you do not know; however, acknowledge them by calling out that you are busy and they should leave. Burglars will often knock on a door to see if anyone is home before they break in, so it is important that people at your door realize the home is occupied.
- Ask them to put their work ID up to the window. Write down their name and call the company they work for (don't use a phone number they provide) to verify that they were sent to your home.
- Remember these criminals will try anything to get into your home, and have used their wives and children to do it. Don't be fooled by a pregnant woman, or woman with a sick child.
- Keep your doors locked, even when you are in your own front yard doing chores.
- Use companies that have been recommended by family or friends, and check references. If a company won't provide references you should consider using another company.
- Call 9-1-1 immediately if you have been victimized.
- If you are victimized, write down as many details as possible about the criminal and their vehicle, including type of vehicle, license plate, and direction of travel. Scars, tattoos, height, weight, and other physical characteristics are better than clothing descriptions.
- Be a good neighbor by watching for suspicious persons and vehicles. Check on elderly neighbors if you see them with a stranger.

Safe Babies, Safe Place, Safe Haven

Please remember that in Illinois, a parent who cannot care for their newborn baby up to 30 days old can legally give the unharmed infant to a staff member at a staffed fire station, police station, hospital, or emergency care facility and walk away, no questions asked. No one will ask your name. Your baby will get medical care and be placed for adoption into a loving family. You can even provide anonymous medical information, so your baby will grow up with a medical history. A packet of information is given to the parent, and the baby is transported to a hospital for a check-up. The baby is then placed with a pre-approved adoption agency. If you or anyone you know is pregnant and does not feel like they have any options, please call either a crisis counselor at the Save Abandoned Babies Foundation at 888.510.BABY (2229) or a Social Worker with the Social Services Division at 847.459.2606. Assistance is available, and choices and resources will be given.

Stormwater Runoff Pollution

Stormwater runoff and the pollutants it collects from streets, driveways, rooftops, etc. can enter water sources such as creeks, streams, rivers, and lakes. Public Works personnel constantly have to extract some of this waste out of the system for efficient flow. Residents and businesses can take the following measures to prevent stormwater runoff pollution from entering our water sources:

- Checking vehicles for leaks. Repair leaks and dispose of used auto fluids at designated drop-off facilities.
- Using pesticides and fertilizers sparingly. Use organic mulch or safer pest controls whenever possible.
- Composting or mulching yard waste, or following local yard waste programs. Do not sweep yard waste into storm drains.
- Sweeping litter/debris from properties—including sidewalks, driveways, and parking lots—and properly disposing of it.
- Sweeping and properly disposing of construction debris (e.g. concrete and mortar).
- Cleaning up after pets. Village Municipal Code 7.10 requires cleaning up after pets on public or others' property.

Yard Waste Collections

Yard waste collections begin on April 1 and continue through November 30 on your regularly scheduled collection days. Townhouses and condominiums do not have this service.

- Yard waste must be placed in paper bags or in a container clearly marked with a red X (cannot be in plastic bags or cardboard boxes). Bags and containers must not be larger than 32 gallons or exceed 50 pounds. There is no limit to the number of bags or containers.

- All yard waste must be placed at the curb by 6 a.m. the day of collection, but not before 5 p.m. the evening before.

- Brush must be bundled and tied with twine or string. Bundles must not weigh over 50 lbs, exceed four feet in length or two feet in diameter, or contain limbs greater than three inches in diameter. There is no limit to the number of brush bundles.

What is Arbor Day?

Arbor Day is an annual celebration of the function trees have in our daily lives, and also promotes tree planting and care. It is celebrated in Illinois on the last Friday in April. This year, Arbor Day will occur on Friday, April 27. The Village of Wheeling has received the Tree City USA recognition—which acknowledges the Village's forestry program—for 28 consecutive years. By celebrating Arbor Day, the Village continues to demonstrate the importance of trees in our community and acknowledges the efforts of the Village's forestry program.

Household Hazardous / Chemical Waste

Numerous household items such as cleaners, lawn or garden care products, auto fluids, and fertilizer / pesticides can contain hazardous ingredients that are harmful to human health and the environment, and require proper and safe disposal.

It is highly recommended to purchase limited quantities of these types of household items whenever possible so that the amount of potentially hazardous waste is limited.

Long-term (permanent) drop-off facilities are available to Illinois residents for household hazardous waste disposal at no charge. These facilities are located in Naperville, Rockford, Chicago, and Gurnee. For information on these locations and items that are accepted, visit www.epa.state.il.us or contact Public Works at 847.279.6900.

Latex Paint

Because latex paint is not hazardous due to water replacing most of the oil components typically found in paint, it is not accepted at hazardous waste drop-off facilities. The following method is required for proper disposal of latex paints:

Open paint cans in a well-ventilated area (i.e. outdoors) and add an absorbent such as kitty litter, sand, oil-dry, or shredded paper into the paint cans. When the liquid paint is absorbed and the paint is hardened, place lids back on the paint cans and dispose closed paint cans in regular refuse containers—not in recycling! If paint cans are full, residents must divide the paint into empty cans to solidify or repeat the absorbent process.

For additional information, please visit www.swancc.org or contact Public Works at 847.279.6900.

Batteries

In conjunction with the Solid Waste Agency of Northern Cook County (SWANCC), the Village sponsors a Battery Recycling Program. A drop-off bin is located at Village Hall, 2 Community Boulevard, accessible Monday–Friday from 7 a.m. to 5 p.m. Rechargeable, NiCd, NiMh, lithium ion, lithium polymer, and household alkaline batteries (AA, AAA, C, D, 9V) are accepted. Rechargeable batteries must have tape on contact points or be contained in an individual self-locking plastic bag to avoid sparks. Alkaline batteries must be separated from rechargeable batteries before drop-off. No automotive batteries accepted.

Floods Are No Myth: Be Prepared for the Unexpected

Discounts on flood insurance are just one of many benefits residents enjoy as a result of Wheeling's proactive approach to flood hazard damage reduction. A 40-year member of the National Flood Insurance Program (NFIP), Wheeling has joined a national effort to minimize property damage in cases of flooding and provide affordable flood insurance to all homeowners, whether or not they are located in or near a floodplain. As part of its NFIP commitment, the Village provides a range of information on flooding potential, prevention, safety, and other issues. For more information about the NFIP and flood insurance, call 1.800.427.4661. Copies of the Flood Insurance Rate Maps (FIRMs) can be reviewed at the Village Hall and Indian Trails Public Library.

Local Flood Hazard Potential

The Village's proximity to waterways such as the Des Plaines River, Buffalo Creek, and McDonald Creek raises the hazard of flooding during heavy rains. Standard homeowner's insurance does not cover flooding. Through the 1960s, private rates on flood insurance were prohibitively high, which made it almost impossible to carry flood insurance. The NFIP, formed in 1968, is designed to subsidize the cost of flood insurance to member communities, qualify them to receive disaster relief, and establish minimum national standards to reduce flood losses.

High CRS Rating

One of eight inaugural NFIP communities in Illinois, Wheeling designed programs to exceed minimum standards and optimize benefits to Village residents. In 1992, the NFIP implemented the Community Rating System (CRS) to reward communities that go above and beyond the basic requirements. Effective May 1, 2014, our rating was upgraded to Class 6, which provides a 20% discount on flood insurance policies for properties located within the special flood hazard area. Policies issued for properties outside the special flood hazard area continue to receive a 5% discount. Wheeling continues to be proactive in preventative initiatives, including:

Stream maintenance: Regular inspections of waterways to ensure they are clear of debris and potential obstructions.

Regulating new construction: New buildings in the flood zone must meet requirements for elevation and flood-proofing. Village planners ensure that new developments don't increase flood risk for neighbors in the community.

Keeping residents informed of flood risk and how to minimize impact: Our residents must be aware of the potential for flooding. Tools such as this newsletter enable us to keep residents informed regarding the risk of flooding.

Development Regulated

Development of any type within special flood hazard areas is strictly regulated. In order to construct a building or an addition, perform any grading, or fill any other type of construction in these

areas, an individual must obtain a special "floodplain development permit." This permit is issued in conjunction with other construction permits to assure that the new construction will not be susceptible to flood damage or cause increased flood damage potential to neighboring properties. Floodplain development regulations can be found on the Village's website at www.wheelingil.gov in Title 22 of the Municipal Code (a link to which can be found on the home page) or by contacting the Engineering Division at 847.279.6910.

With flooding a possibility, especially during the spring/summer season, preparation is the best defense. Safeguarding people, protecting buildings, and purchasing flood insurance are keys to defending against floods.

Protect Your Property: To flood-proof a structure, start by elevating or relocating electrical panel boxes, furnaces, water heaters, and washer/dryers to areas least likely to be flooded. Install basement floor drains and interior and exterior backwater valves. Consider erecting interior flood walls around utilities. Move essential items and furniture to the upper floors of your home. Keep materials such as sandbags, plywood, plastic sheeting, and lumber handy for emergency waterproofing. More flood protection information is available from FEMA through the "Floodplain/Flooding Information" link on the home page of our website at www.wheelingil.gov. Information is also available for review at the Indian Trails Public Library.

Personal Safety: During periods of high water, stay out of the basement where breaker boxes and electrical wiring present the risk of shock. If you know high water is imminent, shut off the electricity, gas, and water. Keep your family together and make sure everyone has identification. Move everyone—including pets—to high ground. Rescue crews cannot reach you once the water becomes two feet deep. Don't drive across flooded roads where your vehicle could stall. Flowing water above your knees can generate dangerous currents; avoid walking through it.

Village Monitors Rising Water Levels: The Village monitors rising water levels with strategically placed gauges. Comparing data with historic records, the Village can predict areas of potential flooding. In the event of a flooding situation, Village staff is mobilized to notify people in affected areas. In some situations, notification may be made by phone. Road closure information is available from radio stations.

Call the Engineering Division at 847.279.6910 with any questions about flood risk areas within the Village of Wheeling.

COMMUNITY NEWS & EVENTS

State of the Village continued

The Village also finally closed a particularly difficult chapter in our ongoing struggle against flooding with the purchase of the site of the Fox Point mobile home community, most of which lies in the floodway of the Des Plaines River. With federal funding administered through Cook County, we've been able to put the park's former residents in new homes and transform the property into open space.

Another bittersweet event of the past year was the closure of the Pavilion Senior Center on North First Street after long and distinguished service. To better meet the needs of our growing senior population, the Village has consolidated its senior services with those of the Wheeling Park District and successfully transitioned programming to the Community Recreation Center. The popular Lunch at Pavilion program will be temporarily hosted at the Saint Joseph the Worker Social Hall until scheduled renovations of the Park District's facility are complete.

As always, I and my fellow Village officials are honored to have the opportunity to serve you, and grateful for your participation in the civic life of Wheeling. We wish you and your family a safe and happy spring!

Show us Wheeling through your lens!

The Village is seeking resident photos to be used for the cover of *The Wheeling Circular*. Photos should:

- be taken outdoors and show the season in which they were taken
- not include people
- not include any business signs and/or logos
- be in high resolution jpeg, gif, or png format

Please send your photos to fb@wheelingil.gov. Photos chosen for the cover will include a credit for the photographer.

Lunch at Pavilion – NEW LOCATION

Join us for a great meal and great friends at Lunch at Pavilion at a brand NEW LOCATION! The Lunch at Pavilion Senior Congregate Dining Program will now be held at the **St. Joseph the Worker Social Hall, 181 W. Dundee Rd., in Wheeling**. We are grateful to the Wheeling Pavilion Senior Foundation and St. Joseph the Worker for allowing us to dine in such wonderful surroundings!

The Village of Wheeling Senior Services hosts meal service for anyone 60 years and better. A nutritionally-balanced lunch is served Monday–Friday from 11:30 a.m. until 12:30 p.m. Reservations are required. Social activities and informational programs are included as part of this program. Each diner will receive information regarding the cost of the meal and will have the opportunity to contribute to part or all of the cost. The suggested donation is \$4. For our frequent diners, we have a five-meal punch card available for a donation of \$15. These cards have no expiration date. Cards are available at the Social Hall during regular lunch hours. The Lunch at Pavilion program is committed to providing meals to all adults 60 and better, regardless of ability to pay.

Funds for this program are provided through an award from AgeOptions through the Federal Administration on Aging. Lunch at Pavilion is pleased to announce our
