# WELCOME TO WHEELING

## From the Desk of President Horcher

*President  
Pat Horcher*

On behalf of the Board of Trustees, I'd like to wish the Wheeling community a happy 2019! We're grateful to everyone who joined us for Lights Around Wheeling, our annual holiday lighting ceremony in Friendship Park. Notable attendees included State Senators Julie Morrison and Terry Link, and Wheeling resident Marilyn Chromy, 2018 recipient of the Village's George Hieber Citizenship Award, who flipped the ceremonial switch on our holiday lights.

Last year ended with a major new addition to Restaurant Row: the long-awaited opening of Boston Fish Market in the former Pete Miller's location at 412 North Milwaukee Avenue. Boston Fish Market has expanded and extensively renovated the facility to accommodate its full-service restaurant and retail seafood operations. The Wheeling site will complement Boston Fish Market's much-loved original location in Des Plaines, which remains open for business.

The last months of 2018 brought new residential development, as well. In October DAC Development broke ground on Uptown 500, a \$90 million transit-oriented mixed-use development at the northwest corner of Dundee Road and Northgate Parkway, across the street from the Wheeling Town Center. Expected to be complete in 2020, Uptown 500 will add 321 luxury apartment units and 10,500 square feet of retail space within walking distance of Heritage Park and the Metra station. And in November Village officials and staff attended developer DR Horton's ribbon-cutting ceremony for Wolf Crossing, their 39-unit townhome project at 415 North Wolf Road, the former Deerfield Moving & Storage site. Sales of those townhomes are now underway, and the Village looks forward to welcoming those new residents.

On a sad note, the Village recently lost one of its most engaged and devoted citizens. Pam Dorband, who passed away in early November, served as a Plan Commissioner for over 19 years, reviewing numerous projects that transformed our streetscapes. She also provided valuable assistance to the Wheeling / Prospect Heights Area Chamber of Commerce & Industry as its membership manager, and was actively involved with organizations including the Indian Trails Public Library, the Wheeling Garden Club, the Wheeling Historical Society, and Wheeling Helping Hands. Pam will always be remembered as someone whose pride in her community was only exceeded by her generosity with her time and efforts. She will be greatly missed.

As always, we'll keep our residents up to date on notable developments during the coming year. I hope your holiday season, no matter what holiday you celebrate, was a happy one. I and the Village Board wish you and your loved ones health and happiness in 2019!

*Boston Fish Market completed renovations on the former Pete Miller's location on Milwaukee Avenue and opened its doors to the public in November.*

*A ribbon cutting for Wolf Crossing took place in November. In attendance from left to right: Economic Development Director John Melaniphy, Community Development Director Andrew Jennings, DR Horton Sales Rep Daynae A Gaudio, President Hocher, Village Manager Jon Sfondilis, and Trustees Mary Krueger and Joe Vito.*

2 *Happy New Year from the Wheeling Village Board!*

# WELCOME TO WHEELING

## The Clerk's Corner

Village Clerk  
Elaine E. Simpson

### Thank You Wheeling Businesses & Residents!

I would like to thank residents for going out of their way to help their friends and neighbors during the winter and holiday season. Each year residents help by donating to local not-for-profit organizations and lending a helping hand to neighbors. Thank you for all you do to make Wheeling a caring community!

### Winter Weather Reminder

I would like to remind everyone to continue checking on your neighbors during this time of year. As November's blizzard proved, Chicago winters can be merciless! During these winter months in my neighborhood, the residents make a point to check up on each other regularly, and I am very grateful for this. One sign that a neighbor may be having an issue is if newspapers are piling up in their driveway or the garbage is not set out on the correct day. Take an extra few minutes to check in with your neighbors—especially after storms that cause power outages—and do what you can to help out during these cold winter months.

### Lollipop Lane

Each year I am grateful for the people who come out to Lollipop Lane: grandparents, parents, and children who all enjoy the wonderment of this event. Many parents tell me that they came as children, and they are now bringing their own families. Seeing faces light up at the sight of Santa and the wonderland that is presented to them is a special treat every year. Thank you to the Wheeling Historical Society, the Wheeling Park District, Stasek Chevrolet, and the many volunteers for making this possible. Because of these sponsors, attendees were able to have pictures taken of their children or family at no cost. This is a tradition I hope continues for many years.

Village offices will be closed Tuesday, January 1 in observance of New Year's Day and Monday, February 18 in observance of Presidents Day.

Brought to you by the Wheeling Board of Health

## Medication/Sharps Collection

Wheeling provides a medication and sharps collection for all residents. Collections are held on the third Saturday of every month from 10 a.m. until 12 p.m. in front of the Police Station at 1 Community Boulevard. We accept:

- Prescription and over-the-counter medications in their original containers. No over-the-counter liquid medications will be accepted. We cannot accept any controlled substances. Visit [www.swancc.org](http://www.swancc.org) for a list of all controlled substances.
  - ◆ Keep pharmaceuticals in their original containers with labels to identify contents.
  - ◆ Use a permanent marker to cross out your name and other personal information.
- Sharps (needles and syringes) in rigid containers with a sealed lid. Sharps containers will be handed out at the collection and are available at the Community Development Department at Village Hall or at the Fire Station on Milwaukee Avenue.

We also accept the following:

- Household and rechargeable batteries. No automotive batteries will be accepted. Each rechargeable battery must have masking tape on contact points or be contained in an individual self-locking plastic bag.
- Glasses, including eyeglasses, sunglasses, and telescopic, magnifying, and prescription glasses. Children's glasses are especially needed and will be given to a program called "Recycle for Sight" which refurbishes eyeglasses for those in need.

**\*IF THERE IS A WINTER ADVISORY ON THE DAY OF A MEDICATION/SHARPS COLLECTION, THE DROP-OFF WILL BE CANCELLED AND NOT RESCHEDULED.**

No one will be available to accept the medications or sharps; do not leave items at the Police Department.

Contact Health Officer Serena Ivaldi at 847.499.9048 if you have any questions.

# HUMAN SERVICES DEPARTMENT

## Congregate Dining Senior Programs

*These programs are held in conjunction with Congregate Dining, which takes place Monday–Friday from 11:30 a.m. until 12:30 p.m. at the St. Joseph the Worker Social Hall. See page 10 of this newsletter for more details.*

### Atypical Globetrotting

Monday, January 14

If you have always dreamed of world travel, but never thought it plausible, allow Brian Michalski to guide you through the process. Come along as he relives his 22-month solo backpacking journey of working and volunteering in Southeast Asia, Australia, India, Cuba, and more. Get insider info about budgeting, utilizing travel apps, embracing culture shock, realities of hostel life, coping with inevitable setbacks, visa applications and more, so that you too can travel like a pro.

### Welcome, Winter

Wednesday, January 16

Heather Braoudakis will cheer you up during this cold season with songs that will warm your heart.

### Martin Luther King, Jr.

Monday, January 21

Let's step back in time and join Tim Wilsey to learn about the fascinating and historical life of Martin Luther King, Jr.

### Randy Walker

Wednesday, January 23

Get your singing voices ready and sing along with Randy Walker as he recreates many of the popular tunes from the teens, '20s, and '30s, such as: "Five Foot Two," "Up a Lazy River," "Bye Bye Blackbird" and many more.

### Black History Month

Friday, February 1

Join Tim Wilsey as he quicks off our Heritage series with an educational program highlighting the many influential African Americans who have shaped history.

### Chinese New Year

Tuesday, February 5

Come celebrate Chinese New Year with a tasty Asian dish.

### That's Amore

Friday, February 8

Join Heather Braoudakis as she features music on different kinds of love—agape, eros, and phileo—from musical theater to big band, Nat King Cole, and Peggy Lee.

### The Life and Times of Harriet Tubman

Monday, February 11

Through dramatic monologue, poetry, and song, Ms. Cynthia Maddox provides a powerful glimpse into the charismatic life of Ms. Tubman, whose undaunted dedication to a better society has emphatically impacted the course of history.

### The Love of Music

Thursday, February 14

Celebrate Valentine's Day with a quartet of music from two talented musicians featuring Metropolitan Opera's Most Promising Young Artist winner Wendy Wagner Cotton, soprano and cellist, with an original presentation conducted by violinist and violist Jennifer Silk, B.M., M.M.

## Seniors in the Know

Please join us after Lunch at Pavilion for "Seniors in the Know". Each month there will be at least one educational topic facilitated by the Human Services Department Senior Services Division. Upcoming topics include:

### New Year Goals & Crazy Plate Day, Wednesday, January 9

New year, new you! Join us to discuss how to stay resolute in your desire to effect real change. Stay tuned in until the end of the presentation for a chance to win a prize!

### Self Love, Friday, February 22

It often feels selfish to indulge in self-care and to spend time devoted to looking after just you, but it is a necessary part of keeping grounded and happy. Learning to listen to what you need and giving yourself what you require in order to recover and restore from life's daily stresses can help you keep a positive attitude and stay healthy.

You may join us for lunch, or you may just come for the program, which will run from 12 p.m. – 12:30 p.m. Please RSVP at 847.459.2670. Check your newsletters for dates and topics. If you have any suggestions for topics of interest, please contact Angela Burrell, Social Worker, at 847.459.2640.

# POLICE & FIRE DEPARTMENTS

## Code RED Emergency Notification System Enrollment

During a disaster situation such as a tornado, major chemical release, or freight train derailment, having the ability to receive important information and updates from the Village of Wheeling could prove critical to your well-being. When everyone had a home telephone, the Village operated a system referred to as Reverse 9-1-1. This system was based on static geographic areas for calling resident home telephones. Today, more and more families have given up their home telephones and rely ONLY on cellular telephones and text messaging. To meet these growing means of alternate communication, the Village of Wheeling now operates what is referred to as the Code RED system.

The Code RED system is a secure internet-based system that the Village can use to notify residents in a geographic area within the Village, as well as to call and/or text registered cell phones. In order to receive these emergency notifications via call and/or text message, you must register for this service. There is no cost to sign up, and registration takes only a few minutes.

To register for emergency notifications from the Village's Code RED system, you visit the Village's home web page, [www.wheelingil.gov](http://www.wheelingil.gov) and find the link under the "How Do I..." section, or go directly to the Village of Wheeling's Code RED system enrollment web page: <https://public.coderedweb.com/CNE/30CB8BCB2A7F>.

Once you register for the Code RED system, you can always log back in and amend your information, change your notification preferences, or remove yourself from the system completely at any time. Again, registration is free, easy, secure, and critical to the well-being of you and your family should a disaster occur.

## Stay Safe in the Cold!

With the holidays behind us and winter upon us, it is easy to "hibernate" and become complacent, but winter can be one of the most dangerous times of year. Due to weather conditions, winter is the time of year with the most home fires, vehicle accidents, and slips, trips, and falls. By taking some general precautions, you and your family can avoid becoming a statistic, while still enjoying the season.

- **Fire Hydrants:** Help us to protect you, your family, and your neighbors by "adopting" the closest fire hydrant to your home. Snow is part of winter, and it can cause fire hydrants to become hidden. After each snow event, please clean off your fire hydrant and keep the area surrounding it clean. There are more than 1,800 fire hydrants within the community, and it's impossible for Village staff to keep up with removing snow from each fire hydrant following a snow event.
- **Snow Blowers:** While using snow blowers, do not wear loose hanging clothing which can become caught in the moving parts. When refueling, let the engine cool for several minutes before pouring gasoline into the fuel tank. Also, don't refuel snow blowers inside your garage or shed; spilled gasoline can be ignited by contact with hot metal on the snow blower's engine. Make sure to keep others—particularly young children and pets—out of the immediate area when snow blowing. Snow blowers can eject pieces of ice, rocks, or concrete at a high rate of speed, which can result in serious injuries.
- **Snow Plows:** Please teach your children to stand back by your front porch whenever the snow plows are passing by. Due to snow piles near the end of the driveway, drivers may not be able to see small children playing near the street. As snow plows move on by, they push snow, slush, and sometimes hidden debris back towards your house. Much like a snow blower, if this mixture was to strike you or your child, serious injuries could occur.
- **Fireplaces:** Fireplaces should be professionally cleaned and inspected annually. It's important to make sure the flue is open at all times when burning or when there are hot embers present; this allows carbon monoxide to properly vent out of your home. Never use a fireplace without a protective screen in place, particularly with young children or pets in your home, and never leave your fireplace burning when you are not present in the room. Only use well-seasoned firewood to avoid excess smoke and popping of sparks and embers. When you are done with your fire, do not place ashes in a trash can (inside or outside of your home) for a minimum of 48 hours after you have completed burning.
- **Space Heaters:** Maintain a minimum of 30 inches around any portable space heaters. Do not use kerosene heaters, gas stoves, or barbecue grills indoors for any secondary heating since they can create lethal levels of Carbon Monoxide (CO) in your home, in addition to being fire hazards.

# COMMUNITY DEVELOPMENT & PUBLIC WORKS

## Snow Season Procedures

Public Works personnel are preparing for snow control with salt deliveries, vehicle preparation, and year-round training. Snow and ice responsibilities include de-icing and clearing arterial, collector, and residential roadways, certain sections of public sidewalks, bus stops, the train station, and Village-owned buildings and properties.

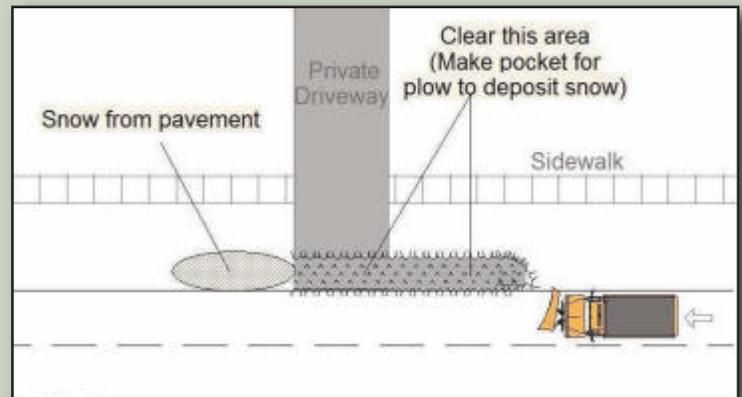

Public Works is not responsible for the maintenance or snow control on county- or state-owned roadways or rights-of-way. These roadways include:

### Illinois Department of Transportation (IDOT) 847-705-4222

- Dundee Road (Route 68)
- Elmhurst Road (Route 83)
- Milwaukee Avenue (Route 21)
- McHenry Road (Route 83)
- Palatine Road
- Wolf Road (Manchester North to Milwaukee Avenue; South of Marquardt to Camp McDonald Road)

### Cook County Highway Department 847-827-1164

- Lake-Cook Road
- Schoenbeck Road
- Hintz Road
- Camp McDonald Road
- Buffalo Grove Road
- Old Buffalo Grove Road
- Aptakisic Road

### Driveway Snow Shoveling Recommendations

When shoveling snow at the end of a driveway, place the snow to the right of the driveway (as you face the street) to avoid the snow being pushed back onto the driveway by a snowplow truck. Also, clear a few feet at the edge of the street and curb to the left of the driveway (as you face the street). This will help reduce the amount of snow at the end of the driveway. Refer to the illustration above.

### Residents are advised of the following safety tips during the snow season:

- Stay 100 feet or more behind a snowplow or salt truck.
- Shovel snow away from fire hydrants near your property for emergency access.
- Do not place refuse, refuse containers, or any other items in the street.

### Vehicle Parking Restrictions

- Do not park on any Village street within eight hours after a snowfall of two inches or more to allow safe and efficient snow and ice control by Public Works.
- Vehicles in violation of this restriction may be towed by the Police Department.
- For additional information, contact the Wheeling Police Department at 847.459.2632.

### Sidewalk Requirements

- Residents and property owners are responsible for clearing snow and ice from sidewalks adjoining or adjacent to their property by 10 a.m. the day after a snowfall. Property owners are permitted to spread sand, salt, or other substances made for the purpose of melting snow and ice on sidewalks.
- Residents and property owners shall not deposit snow or ice onto any roadway within the Village; instead, deposit snow and ice onto the parkway.

For additional information, contact Community Development at 847.459.2620.

## Winter Flood Prevention Checkup

Protect your home and its contents from water damage caused by freezing and thawing by inspecting and maintaining its drainage systems during winter. As snow melts over frozen ground, surface water runoff, gutter drainage, and sump pump discharge can add more water to your drainage system than at other times of the year. Make time to inspect your home to assure flood prevention measures are still in place.

*Walk around the exterior of your home and inspect the following:*

**Grading:** The ground surrounding your home, as well as walkways and driveways, should slope away from your home.

**Roofs and gutters:** Rooftops should have gutters with downspouts that are extended away from the home's foundation.

**Window Wells:** Ensure the ground slopes away from the well and the drains located inside are not blocked by dirt or debris.

**Sump Pump Discharge:** If your home has a sump pump, the exterior discharge should be extended away from the home and foundation.

*Inside your home inspect the following:*

### **Sump pump**

•If water is rising out of your sump pump pit, it is because your sump pump cannot keep up with the flow entering the drain system below your foundation. Please check the conditions noted above. If the problem persists, consider purchasing a larger pump or an additional pump with a separate discharge pipe.

•If the pump is running but no water appears to be discharging, the pump could have a mechanical problem or the outlet pipe could have a blockage. Even ice can block proper drainage. A plumber can be consulted for assistance.

Note: Power outages can be a source of concern during a rain/snow event. A back-up battery sump pump can help alleviate this problem, but only for a short period without supplemental power from a generator. Please keep in mind that routine battery maintenance is necessary to ensure that power is maintained in the event of an emergency.

### **Basement Seepage**

If water is seeping through cracks or joints in the foundation walls or floor, ensure that surface water is being kept away from the home's foundation. If the problem persists, contact a waterproofing professional to have them inspect and appropriately seal the foundation.

To be sure you are covered in a flood event, contact your insurance agent now to ask about flood insurance. Because Wheeling is a long-time participant in FEMA's Community Rating System, policy discounts may be available.

## Holiday Tree Collections & Lights Recycling

Non-artificial holiday trees are collected at residential curbsides by Waste Management during the first two weeks in January at no additional charge. Trees that have decorations or are in stands or plastic bags will not be collected.

Residents may recycle holiday lights—including mini, C7, C9, rope, and LED lights as well as extension cords of all colors and lengths—at the Department of Public Works, 77 W. Hintz Road until February 28, 2019, Monday through Friday from 7 a.m. to 3 p.m. Garland, live greens, wreaths, and other non-recyclables are not accepted in this recycling program. Contact 847.279.6900 with any questions.

## Waste Management 2019 Holiday Schedule

Holidays will affect regular refuse collection schedules. If your collection is on or after a Waste Management observed holiday, service will be delayed by one day. Below are Waste Management observed holidays:

New Year's Day, January 1  
Memorial Day, May 27  
Independence Day, July 4  
Labor Day, September 2  
Thanksgiving Day, November 28  
Christmas Day, December 25

## Electronic Waste Recycling

With new electronics received during the holiday season replacing used or outdated ones, it is important to dispose of unwanted electronics properly. In Illinois, electronic waste is not permitted to be placed in landfills due to toxic materials that can infiltrate and pollute groundwater supplies.

For appropriate recycling of electronic waste at no cost, Wheeling residents with identification can transport electronics to a year-round drop-off location owned and operated by the Solid Waste Agency of Northern Cook County (SWANCC). A list of acceptable items at this drop-off location is available at [www.swancc.org](http://www.swancc.org).

Glenview Transfer Station  
3 Providence Way, Des Plaines  
Saturdays: 9:00 a.m. – 11:30 a.m.  
847.724.9205  
Closed on national holidays.

# COMMUNITY NEWS & EVENTS

## Lunch at Pavilion

Join us for a great meal and great friends at Lunch at Pavilion! The Lunch at Pavilion Senior Congregate Dining Program is now being held at the **St. Joseph the Worker Social Hall, 181 W. Dundee Rd., in Wheeling**. We are grateful to the Wheeling Pavilion Senior Foundation and St. Joseph the Worker for allowing us to dine in such wonderful surroundings!

The Village of Wheeling Senior Services hosts meal service for anyone 60 years and better. A nutritionally-balanced lunch catered by Hoffman House, Inc. of Batavia is served Monday–Friday from 11:30 a.m. until 12:30 p.m. Reservations are required. Social activities and informational programs are included as part of this program. Each diner will receive information regarding the cost of the meal and will have the opportunity to contribute to part or all of the cost. The suggested donation is \$4. For our frequent diners, we have a five-meal punch card available for a donation of \$15. These cards have no expiration date. Cards are available at the Social Hall during regular lunch hours. The Lunch at Pavilion program is committed to providing meals to all adults 60 and better, regardless of ability to pay. Funds for this program are provided through an award from AgeOptions through the Federal Administration on Aging. Call 847.459.2670 for more information. **Lunch at Pavilion Senior Congregate Dining Program needs volunteers to serve lunch Mondays–Fridays from 10 a.m. – 2 p.m.** This is an excellent opportunity to meet new friends and be part of a great team. No experience required. Please call Senior Services at 847.459.2670 for more information.

## Holiday Solid Waste Collection Reminder

In observance of New Year's Day, January 1, 2019 solid waste collections will be delayed by one day.

## Next Phase of Chicago Executive Airport Master Plan Update Underway

The Chicago Executive Airport (CEA) is updating its more than 30-year-old Airport Master Plan, which the Federal Aviation Administration (FAA) mandates be updated regularly. The Master Plan Update process is guided by the FAA and ultimately results in projections of future aviation activity growth and preparation of an Airport Layout Plan (ALP).

The Master Plan is a long-range planning document that serves several important purposes, including ensuring this community asset is properly managed and remains financially viable for the future. The airport generated \$1.3 million in 2018 property taxes for the City of Prospect Heights, the Village of Wheeling, and all local taxing bodies, including school districts. These revenues continue to increase annually, and are in addition to off-airport businesses generating property tax and sales tax revenues, easing the burden on residents. Additionally, no local municipal funds are being expended on the Master Plan Update, and no property tax increases will result from the Master Plan Update.

The purpose of the update is to evaluate current and projected aviation demand and identify what airport improvements may be needed to satisfy the demand over a 20-year planning horizon. The update is currently entering Phase III, which includes the development of alternatives, evaluation, and ultimately Preferred Alternatives that will be identified with a Preferred Concept Development Report. One key element of the process includes the No Action or “do nothing” alternative for the airport in the evaluation, which would indicate a preference for leaving airport operations as-is. The Preferred Concept Development Report is expected to be completed by the Fall of 2019.

Public involvement is a key component of this update, including opportunities for stakeholders to provide input on their needs and potential solutions. Up-to-date information on how to get involved, sign up on the mailing list, and comment on the plan in general can be found on the project website at [www.chiexec.com/cea-master-plan](http://www.chiexec.com/cea-master-plan).

CEA, jointly owned by the City of Prospect Heights and Village of Wheeling, is one of the area's top reliever airports for O'Hare Airport, accepting some 80,000 corporate, charter, and light recreational aircraft annually. Visit [chiexec.com](http://chiexec.com) for additional information.
