

NOTICE:

Your Street Will Be Closing Thursday August 3rd.

****See page 2 of 2 for map of specific street closures****

WHY IS MY ROAD CLOSING?

Roads in your subdivision are having a pavement preservation treatment installed that will help significantly extend the life of asphalt streets. The benefits of properly maintained streets include higher property values, a smoother/safer ride, and reduced costs to the community by prolonging the need for replacement.

WHAT IF MY CAR IS PARKED ON A ROAD THAT IS CLOSED?

Work will commence at 7:00 AM. See the map on page 2 for specific details regarding closures. Please do not park within 50 feet of any street being worked on.

WHAT IF I DRIVE ON THE ROAD WHILE CLOSED?

You will be liable for damage to your vehicle and to repair the area of road you have driven on. In the event of a life threatening emergency, emergency vehicles will not be stopped from driving on the treated surface.

ALL OUTSIDE WATER MUST BE TURNED OFF

Water may damage the installation of the surface treatment. Please do not have sprinklers, hoses, etc... set to come on 24 hours before the road closure, during the road closure, or 24 hours after the road closure.

IF WEATHER CAUSES A HALT TO THE PROJECT, YOUR STREET MAY BE REQUIRED TO BE CLOSED ANOTHER DAY. IF THIS HAPPENS, YOU WILL RECEIVE ANOTHER NOTIFICATION.

HA5 Schedule

(Printed 8-02-17)

-Thursday (August 3rd)

- Streets in yellow to be closed for mineral bond application.
- No parking on either side of the yellow streets will be allowed.
- All vehicles need to be removed from the yellow streets by 7am.
- Driving on the street will not be allowed from 7am to approximately 7pm.
- Parking will be available on adjoining streets such as Sarasota, St. Armand, and Berkshire Dr. as posted on that street.

The closing of the street will expedite the application process, we appreciate your cooperation in this matter.

This schedule is weather permitting.
