

# NOTICE:

## Your Street Will Be Closing Wednesday, August 9<sup>th</sup> or Thursday, August 10<sup>th</sup>.

**\*\*See page 2 of 2 for map of specific street closure dates\*\***

### **WHY IS MY ROAD CLOSING?**

Roads in your subdivision are having a pavement preservation treatment installed that will help significantly extend the life of asphalt streets. The benefits of properly maintained streets include higher property values, a smoother/safer ride, and reduced costs to the community by prolonging the need for replacement.

### **WHAT IF MY CAR IS PARKED ON A ROAD THAT IS CLOSED?**

Work will commence at 7:00 AM. See the map on page 2 for specific details regarding closures. Please do not park within 50 feet of any street being worked on.

### **WHAT IF I DRIVE ON THE ROAD WHILE CLOSED?**

You will be liable for damage to your vehicle and to repair the area of road you have driven on. In the event of a life threatening emergency, emergency vehicles will not be stopped from driving on the treated surface.

### **ALL OUTSIDE WATER MUST BE TURNED OFF**

Water may damage the installation of the surface treatment. Please do not have sprinklers, hoses, etc... set to come on 24 hours before the road closure, during the road closure, or 24 hours after the road closure.

**IF WEATHER CAUSES A HALT TO THE PROJECT, YOUR STREET MAY BE REQUIRED TO BE CLOSED ANOTHER DAY. IF THIS HAPPENS, YOU WILL RECEIVE ANOTHER NOTIFICATION.**
