FIRE PROTECTION SYSTEMS PERMIT APPLICATION INFORMATION

Village of Wheeling – Fire Department

2 Community Boulevard

Wheeling, Illinois 60090

847-459-2669

• FIRE PREVENTION BUREAU •

To prevent any delays in starting work covered under this Fire Protection Systems Permit Application, please note the following essential information:

1. Permit application must be typed or printed. All applications must be fully completed (including contractor information) when submitted.
2. Permanent Index Number (PIN) is required for all applications. It can be found on the tax bill for the property.
3. All contractors must be licensed/bonded/insured as necessary to work in the Village of Wheeling.
4. The Village of Wheeling has adopted, with amendments, the International Code Council® (ICC) International Building Code, International Fire Code, International Residential Code and the National Fire Protection Association National Electrical Code. Amendments are available at the Village Hall and on the Village of Wheeling website – www.wheelingil.gov
5. Inspection requests must be received by the Fire Prevention Bureau at least **two business days** prior to the requested inspection date.
6. Any change in property ownership, plans, construction, etc., must be reported immediately to the Fire Prevention Bureau.
7. All applications require 4 sets of architectural plans drawn to scale, specifications, and manufacturer's cut sheets for all equipment to be provided by the contractor.
8. Upon issuance, the Fire Protection Systems Permit must be displayed on the construction site at all times.
9. The Applicant, by signing the Fire Protection Systems Permit Application, certifies to the correctness of the application and is hereby notified that the occupancy of the building or structure prior to the receiving of an approved occupancy permit holds both the occupant and contractor in violation of the Building Code.

If there are any other questions regarding Village requirements or any other issues relating to the proposed work, please contact the Fire Prevention Bureau at 847-459-2669 during regular business hours.
